

Schizophrenic America (Paperback)

By Anni Damgaard

Skaeg Books, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Schizophrenic America explores a fundamental conflict in the United States between what we believe to be our inalienable rights and what we experience in every-day-life. This conflict induces a schism in our minds, leading to a cultural schizophrenia in America. This book facilitates the process of reflection. It is a layman s guide to cultural awareness, written for young and old, rich and poor. Everyone will have an Aha! moment while reading Schizophrenic America. Part One will take the blindfold off of America, helping people understand how we came to acquire a cultural schizophrenia. American history, religion, and economy are explored and analyzed. Part Two is about Dreaming. How do we create harmony and balance in our lives? A spiritual unification will be at the forefront of a new social movement. A wave of enlightened, creative, empathic people - I people - will offer hope for transformation to everyone who cares about human beings and Mother Nature.

Reviews

This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
