Boxing is a traditional sport in many ways, characterized by continuities in the form of practices and regulations and heavy with legends and heroes reflecting its traditional historical values. This book will be the first to use boxing as a vehicle for exploring social, cultural and political change in a global context. It will consider to what degree and in what ways boxing reflects social transformations, and whether and how it contributes to those transformations. In exploring the relationship it will provide new ways of thinking critically about the everyday. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN.
