Munshiram Manoharlal Publishers Pvt. Ltd., 1973. Hardcover. Book Condition: New. First. 15 X 23. In this work an attempt has been made to trace the origin of the different tribes inhabiting North India. The subject is both difficult and interesting. The author has tried his best to study the ancient Indian data in the background of modern scientific theories. In a work like the present one there is ample scope for difference of opinion but it is hoped that it will inspire future students to work on the line.
