Neuware - Two of the most important dates in your life are the day you are born and the day you discover who you are. Challenged to Change is a life-saver designed for everyone who wants to improve their quality and longevity of life for themselves and others. This book is also for those who feel they are living beneath their privilege and desire to live the life they were meant to live. My hope for you is, after reading this book, you'll understand that no matter where or who you are right now, when you end your journey, you'll not only be in a different place, but you'll be a totally different person. The impact of this book provided long-term changes and helped me fulfill long-forgotten dreams and goals. Reading the positive-thinking principles eventually led me to change from attending church occasionally to becoming a regular member of an unfamiliar church culture. I was eventually born of the water...
