Pearson Education (US), United States, 2014. Hardback. Condition: New. Language: English . Brand New Book. CompTIA Security+ SY0-401 web-based hands-on labs CompTIA Security+ SY0-401 uCertify Labs is an online, hands-on skills enhancement tool that helps students gain the real-world skills they need to succeed on the new Security+ exam and to land a job as a security engineer or administrator. The 130+ labs in this product cover the full range of Security+ SY0-401 exam topics. The award-winning, uCertify Labs help bridge the gap between conceptual knowledge and real-world application by providing, competency-based, interactive, online, 24x7 training. uCertify Labs simulate real-world networking hardware, software applications and operating systems, and command line interfaces. In addition, the labs are supplemented with 50 videos demonstrating lab solutions. Students can plan their studies using Study Planner and use one of the three available study modes-Test, Learn or Review to suit your learning style. With this product as their guide, students will perform a wide range of hardware and software based activities on the following topics: Network Security Compliance and Operational Security Threats and Vulnerabilities Application, Data, and Host Security Access Control and Identity Management Cryptography uCertify Labs build upon the same great platform benefits and flexibility that have become synonymous with the uCertify Courses. Students can feel safe working in this virtual environment resolving real-world operating system and hardware problems. Each lab provides students with a real-world task or problem to resolve. Hardware labs help students become familiar with how to assemble computers and connect devices and software labs provide access to fully functioning simulated operating systems for a realistic hands-on experience. CompTIA Security+ SY0-401 uCertify Labs are built on the same platform as uCertify Courses, making integration with courses easy and seamless. They also work well as stand-alone lab solutions paired with books or other courses. The uCertify platform offers single-sign on access...
