CONSERVATION OF MOMENTUM (PAPERBACK)**DOWNLOAD**

Desert Breeze Publishing, Incorporated, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.With physics out of the way, Rachel Simons thinks that maybe she can relax her final semester of college. No such luck. Rachel starts her internship at the hospital working on a DNA analysis of superheroes as well as whatever her boss tells her to do. Unfortunately, this involves investigating why all of a sudden these superheroes are temporarily losing their abilities while at the hospital. With the help of her coworkers, Rachel investigates curious incidents in the hospital basement. Her senses tell her there are dragons down there, but her brain insists there aren't. Rachel isn't sure if there is a connection between the issues, so that means even more work for her on top of finishing up her last semester of college, trying to get into grad school, and superhero DNA analysis. So much for relaxing before being pushed out into the real world.
