Excerpt from Thomas Carlyle: A Study of His Literary Apprenticeship, 1814-1831 Inq clearness. In fact, that which gives to each of his writings its highest value is a certain quality of vision, capable of discerning in person, event, or phenomenon of nature that which constitutes its spiritual center, in discovering, to use Carlyle s own phrase, the reality that lies at the bottom of appearance. Applied to the aspects of physical nature this faculty leads to a conviction of the Divine Idea of the Wor a belief that nature is only a transitory garment veiling the Eternal Splendour. Applied to the study of human history it results in an absorbing interest in spiritual biography as contrasted with picturesque gossip concerning the clothes, manners and motions of the outward man, and in an attempt to determine the spiritual origin and meaning, the dynamics, of historical events or of present society.
