An appropriate way to raise funds is represented by the public stock exchange. The objective of the present paper is to elaborate success factors that might be of assistance for SMEs when going public in order to avoid growth pains. In particular, SMEs have an immense backlog regarding their financial controlling, strategy, management quality, transparency and internal structure in general related to the standard level that has to be considered as generic requirement for a publicly held company. Thus, the starting hypothesis of the present paper is: In case an SME does not deal with such challenges in due time and appropriate manner, it will not be able to realize the growth intended with an IPO. Such discrepancies would rather lead to sustained destruction of value...
