Univ Europeenne, United States, 2014. Paperback. Condition: New. Language: French . Brand New Book. L execution d une tache motrice chez des bilingues est-elle differente en fonction de la langue dans laquelle les consignes sont formulees? De quelles manieres la langue francaise et la langue creole sont-elles utilisees dans l enseignement de l EPS (education physique et sportive) aux Antilles francaises? Plusieurs experiences de type quantitative et qualitative ont ete menees en vue d analyser, d une part, l impact de la langue de presentation des consignes sur les performances cognitives et motrices d enfants bilingues, et d autre part, les usages et les effets de la langue creole en situation d apprentissage moteur dans la Caraibe. Les resultats sont discutes sur le plan de leur implication pour l enseignement de l EPS en contextes bi/plurilingues.
