

Russia the Eastern Question (Classic Reprint) (Paperback)

By Richard Cobden

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Russia the Eastern Question Russia is, territorially, the largest civil division of the globe. Its total superficial area is estimated at eight millions of square miles, being more than twice the area of the whole of the United States, and comprising all the north of Europe and Asia, and the north-west corner of North America. This immense territory has given to the Russian empire an importance more imaginary than real. For, as with individuals, so with nations, - nothing, to the cursory observer, invests them so much with the appearance of strength as large landed possessions. According to this idea, however, the aborigines of this western world were a very powerful people, for the whole boundless continent was theirs; and, though divided into a great variety of tribes, they were linked together by interests that made them the common foe of the white man. Nevertheless, they melted away, at his approach, like the snows of winter before the summer's sun. Something, therefore. Beside land, is requisite to national strength.
