For the purpose of preparing consolidated quarterly published accounting statements, as required by the Securities and Exchange Commission (SEC), rules have to be devised to translate these foreign currency (FC) accounting statements into local currency (LC), i.e. US dollars. In December 1981, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 52: Foreign Currency Translation (FAS 52), which replaced an earlier statement FAS 8: Accounting for the Translation of Foreign Currency Transactions and Foreign Currency Financial Statements. FAS 8 had been issued in 1976 in order to replace the variety of previously acceptable methods of accounting for foreign income with one uniform standard. The historic-rate translation method of Fas 8 treated foreign income as if it had occurred in dollars. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
