

## Corruption and Democracy in Brazil The Struggle for Accountability ND Kellogg Inst Intl Studies

Filesize: 5.05 MB

### ***Reviews***

*This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.*

University of Notre Dame Press. Paperback. Condition: New. 344 pages. Dimensions: 9.0in. x 6.0in. x 0.9in. The book's essays take a multidimensional approach to the accountability matrix in Brazil. The first section of the book investigates the complex interrelationships among representative institutions, electoral dynamics, and public opinion. In the second section, authors address nonelectoral dimensions of accountability, such as the role of the media, accounting institutions, police, prosecutors, and courts. In the final chapter, the editors reflect upon the policy implications of the essays, considering recommendations that may contribute to an effective fight against political corruption and support ongoing accountability, as well as articulating analytical lessons for social scientists interested in the functioning of accountability networks. Brazil, the world's fourth largest democracy, has been plagued in recent years by corruption scandals. *Corruption and Democracy in Brazil: The Struggle for Accountability* considers the performance of the Brazilian federal accountability system with a view to diagnosing the system's strengths, weaknesses, and areas of potential improvement; taking stock of recent micro- and macro-level reforms; and pointing out the implications of the various dimensions of the accountability process for Brazil's democratic regime. Timothy Power and Matthew Taylor have produced a compelling, comprehensive volume on accountability dynamics in Brazil that will inform future policy and research regarding corruption. The analyses in this book raise important questions for practitioners and for the general public. In pursuit of answers to these questions, this team of researchers does not sugarcoat matters. They document dimensions of improved accountability as well as resilient dynamics of impunity. This well-organized book is accessible to academics, policy makers, and students. --Charles H. Blake, James Madison University

Corruption stories are often told as lurid tales of individual greed. This book persuasively insists instead that corruption and the responses to it are embedded deep in national institutions--one...
