## Nursing for Public Health: Population Based Care

By Pauline M. Craig, Grace Lindsay

Elsevier Health Sciences, United Kingdom, 2001. Paperback. Book Condition: New. 230 x 156 mm. Language: English . Brand New Book. WHO and UK government initiatives have been pushing primary care practitioners to closely consider the wider health needs of populations. This book directly addresses issues of everyday importance to practitioners, and covers core elements of specialist courses for post-graduate students. The book has 14 chapters, split into three sections : Core elements of Public Health; Nursing Elements of Public Health Policy; and, Issues in Public Health. Each chapter has a coherent structure of theory, application and role in practice. Practical or case examples are used and further reading offered. Subject specialists have written specific chapters such as health economics and informatics.

### Reviews

*Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*-- Otis Wisoky*

*This publication is great. It is full of wisdom and knowledge. You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).*

*-- Dr. Everett Dicki DDS*
