But the real world won't let him become a hermit. Instead, he finds himself thrust into the mystery of a series of mass murders by a monstrous sadist and serial killer who makes Hannibal Lector look like a boy scout. And he is caught in a frightening predicament: He is the only possible intermediary between a telepath called Smelly, so sensitive he can't stand to be near most people, and a skeptical police officer who needs to hear and believe what Smelly knows about the fiend. This involuntary trio may be the only ones who can catch the inhuman butcher before he kills again-if he doesn't catch them first.
