THE REAL JESUS OF THE FOUR GOSPELS ANNOTATED

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 112 pages. Dimensions: 11.0in. x 8.5in. x 0.3in. The first part of this work is a collation of all that is said, and just what is said, in each of the four Gospels, regarding the more important incidents of Jesus life. Every statement in the text, it is thought, is accurate, free from personal coloring or sectarian bias, and may be verified from the passages cited. After examining various lives of Jesus, harmonies of the Gospels, etc. , there seemed to be need of such a work, which would furnish simply the facts, and leave the reader to form his own conclusions. Certain notes are appended in elucidation of or comment on the text, and these may be taken for what they are worth. Their underlying idea is, that the true greatness of Jesus lay in His being a human Teacher and not a Divine Redeemer, and therefore the supernatural parts of the Gospel story are not of vital importance. The King James version has been used, since that has been the Bible of English-speaking peoples up to the present century, and their conceptions of Jesus have been formed from it, and not from the revised version. The differences between the two versions are probably not material to any matter herein discussed. The second part is an attempt to point out, and comment on, the many and wide divergences that have grown up between the preachings of Jesus and the practices of His professed followers. Its object is not to criticise the short-comings of Christianity, but to bring home to the people of the world a realization of the practical effect which these divergences have had, and are now having, on political and economic questions of...
