Off-Grid Living Book Collection. The Prepper Guide On Building An Eco-friendly Home And Survival Garden + Storing Food And Water Book #1. Off Grid Living: 30 Tips Helping To Build The Eco-Friendly Home And Generate Off Grid Power This book is your introduction to living off the grid and creating your own power. It s becoming more common as time goes by to have a lot of little things, and the occasional big thing, in your home to help generate power. Not only does it lower the cost of your energy bill it s also good for the environment because you ll be using entirely renewable power sources, and lowering your need for non-renewable power such as gas and coal. You can see why it s such a good idea to move away from the grid and generate your own power. It helps you and the world around you. Book #2.Off-Grid Living: Prepper s Guide on Survival Gardening: Grow Your Own Food Most people don t have survival garden at the top of the priority list when they begin to treat the soil. In any case, over the long term and as the world news gets more critical and the future more unverifiable, they understand that garden can t be only a late spring diversion, however a spring, summer and fall survival garden will be required if they are to have enough products from the soil for the year. During the Depression time, these were the people that didn t feel the financial...
