Things cant get much worse. But things do get worse. An EMP devastates the countrys infrastructure, obliterating everything electrically powered, plunging society into a new dark age without media or government to control it. Now, in a world without power where survivalism reigns supreme, Scott is thrown headfirst out of his comfort zone on a treacherous journey to seek out a safe haven. But in the new world, where the elements pose a threat, and where everyone is scrambling for the last of the remaining supplies, Scott soon learns that nowhere is safe, and no-one can be trusted. . . The World After is the first book in a new post apocalyptic trilogy by Ryan Casey, author of Dead Days and Infection Z. It is sure to delight fans of the authors trademark complex characters, rapid pacing, and unexpected twists and turns. This item ships from La Vergne, TN. Paperback.
