

Taking the Quantum Leap to Happiness: Unravel the Maze of Unconscious Behavior Experience Spiritual Liberation! (Paperback)

By Dennis Zinner

Robert D. Reed Publishers, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. Most of humanity is ruled and confined by seemingly never-ending circles. Like rats in a maze, we search endlessly for liberation from proscribed standards of behavior and the experiences forced on us by others. We play the game without knowing we are playing it. In this book, Dr. Zinner demonstrates that freedom from circular behavior is possible, and that we can break the chains that bind us if we embrace a vision of spiritual freedom. This book offers a systematic method based on Dr. Zinner's construct known as rings, which can enable serious seekers to understand and work with the apparent chaos of the human condition. The swirling chaotic energies are what merge into a point called now, but within chaos is a still, tranquil place where we can see our choices, take creative action and uncover hidden truths. Seekers who are not afraid to look into a mirror at the place just behind their eyes will find answers in this definitive prescription for altering perception.
