

Awesome Math Word Problems: Fourth Grade

By David Feist

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 280 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.A full school year of math word and story problems with a comprehensive inculcation of state math standards for Minnesota. Theory for the problems includes: math discussion, math reasoning, mathematics relevant to the prairie states (like the Dakotas, Minnesota, Iowa, and more), and math relevant to a great many real-life occurrences. Thirty-eight weeks of problems designed to be presented via document camera, or photocopied for the student use -with complete permission -for one fourth grade team per school, please. Five daily word problems per week of classes, tailor-made for fourth graders, and enough problems for two full semesters. The first item of the week caters to students on or below-level, while the fifth problem of the week is geared toward challenge-level and independent-level workers. Answer key at back for quick reference.

Reviews

The most effective pdf i possibly read. It is amongst the most amazing publication i actually have go through. You are going to like the way the author publish this pdf.

-- Chelsea Durgan PhD

I actually started off looking over this pdf. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
