

Unique3phase Master Book Edition 3 (Paperback)

By MR Douglas Arndt

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Three phase motors are a type of electric motor, and they power a multitude of things. You may encounter these motors in about any field you are involved in. From farmers to machine shop operators to business owners, sooner or later a three phase machine shows up. How do you handle that? If you don t have three phase the cost to get it is probably prohibitive. What s next? I have spent years running and testing various ways to run three phase motors on single phase power. There are a number of ways to make the phase conversion and you need to know the best way for your situation. I started with the phase conversion process in the early 90 s. I had an industrial vacuum cleaner that I needed to run. The local electric shop brought out a rotary phase converter and it was unable to start the vacuum. I sought out and found a better way. It s called the transformer converter and it was cheap for me to build and worked great! I started selling information about...
