Brand New Book ***** Print on Demand *****.Would You Like To Learn Exactly How To Take Your Hacking Skills To The Next Level? - NOW INCLUDES FREE GIFTS! (see below for details) Do you want to learn how to make money with hacking legally? Do you want to delve even deeper into the art of hacking? Do you love solving puzzles and seeing how computer systems work? If the answer to any of these questions is yes, this book will provide you with the answers you ve been looking for! While some hackers use their skills to commit crimes, others use their skills for less nefarious means. Just about everything that we do is online now. There is a huge need for ethical hackers to test applications, system security, etc, and with the right skills, you can make some serious money as a penetration tester while staying on the right side of the law! In this book we will look at: The basics of coding and programming that you, as a hacker, need to know in order to be successful. We look at important concepts such as compiling code and ensuring that the code works. We also look at shortcuts when it comes to planning out your code so that you don t end up writing pages and pages of code only to find that it doesn t work as it should, thereby saving you valuable time. We look at the free systems that will enable you to perform penetration testing and that can easily be run alongside your normal operating system. This system is opensource, free, easy to edit and, best of all, very light on resources, and we ll show you how to get it as...
