Reviews

Complete guideline for ebook lovers. Better than never, though i am quite late in start reading this one. Its been printed in an remarkably simple way in fact it is only right after i finished reading this book through which in fact transformed me, alter the way in my opinion.

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Modelling, Control and Application | This work details with the design and development of fuzzy modelling for multi variable process in distillation column. Salient Features Fuzzy modelling of distillation column using Takagi Sugeno model. Design a fuzzy model predictive control (FMPC) for multi variable control of distillation column Optimization of the system with different optimization algorithms Comparison of the results of distillation column controlled with conventional PI controller, Model Predictive Control and FMPC. Development of neural network model for distillation column Design of Adaptive Neuro Fuzzy Interference System (ANFIS) for distillation column and to control the parameters. Comparison of the results of this system controlled with conventional PI controller, Model Predictive Control and ANFIS | Format: Paperback | Language/Sprache: english | 140 pp.
