The most effective pdf i ever read through. I am quite late in start reading this one, but better then never. Its been developed in an exceedingly simple way in fact it is only soon after i finished reading through this pdf by which in fact altered me, modify the way i think.

The object of this little publication is, to furnish the Universalist community with a Tract that can be given or loaned to a neighbor in return for a similar favor. I have been repeatedly called upon by my friends, especially in seasons of great religious excitement, for something containing the outlines of our system of faith and practice, but was never able to afford any thing but a bound volume, or a little Tract of four or eight leaves - the latter containing, principally, quotations of Scripture favoring the doctrine which Universalists profess, leaving wholly unnoticed those numerous passages used in proof of a widely different sentiment. Many of these passages I have tried briefly to explain, in order to clear away the rubbish for a permanent foundation I have written for the eyes and understanding of common men seeking for Truth. If I have expressed myself so as to be comprehended by them, 'tis well. If not, I regret it. To all such is this little publication respectfully and affectionately dedicated, with a sincere prayer that it may be instrumental in dispelling darkness from the mind, and in leading the soul to that fountain of living waters of which if a man drink he shall never thirst.
