In life, people are continuously motivated by two inevitable impulses of repulsion - from sorrow and craving to seeking joy and absolute fulfillment. In the quest to embrace all happiness, they are compelled to run after the enjoyable and agreeable, while confronting the opposites, they avoid undesirable objects and disagreeable environments. The fact is this: throughout history, all achievers conscious or subconsciously have used six principles, which are common to absolute progress in all aspects of life. These virtues are a key to unlocking amazing cache of wealth, abundance and success. They are all centered on our true innate qualities, which as a matter of fact are universal and have a spiritual basis. These virtues are: Truth, Righteousness, Peace, Love, Non-violence, and Forgiveness. The practice of these virtues will enable anyone to progress in life without any doubt. The vital point is not how many talents each one of us has, but the importance should be focused on how much of our existing talents, attributes and capabilities are we prepared to explore, develop, exploit, and implement in our daily lives.
