Willow Creek Press, United States, 2003. Hardback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. Daily ten-minute training sessions best suit a retriever s attention span and lead to rapid learning. The text has the information most needed by the owner of a pet retriever: how to make it reliably obedient and well-mannered. It also has the information amateur trainers are clamoring for: how to force fetch, set up tests in the field, and how to use an electric collar humanely and effectively. Primary importance is placed on developing and enhancing the desire to retrieve. The Dahl s method provides a solid foundation to the dog and owner continuing to advance retrieve training. Concepts and methods are illustrated with true dog stories.
