

Nistir 7298 R2 Glossary of Key Information Security Terms: Nistir 7298 R2 (Paperback)

Filesize: 5.81 MB

Reviews

*I just started off reading this article pdf. It really is simplistic but shocks in the fifty percent of your ebook. You will not truly feel monotony at at any time of the time (that's what catalogues are for about when you request me).

NISTIR 7298 R2 GLOSSARY OF KEY INFORMATION SECURITY TERMS: NISTIR 7298 R2 (PAPERBACK)

Createspace Independent Publishing Platform, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This glossary of common security terms has been extracted from NIST Federal Information Processing Standards (FIPS), the Special Publication (SP) 800 series, NIST Interagency Reports (NISTIRs), and from the Committee for National Security Systems Instruction 4009 (CNSSI-4009). The glossary includes most of the terms in the NIST publications. It also contains nearly all of the terms and definitions from CNSSI-4009. The glossary provides a central resource of terms and definitions most commonly used in NIST information security publications and in CNSS information assurance publications. For a given term, we do not include all definitions in NIST documents - especially not from the older NIST publications. Since draft documents are not stable, we do not refer to terms/definitions in them. Each entry in the glossary points to one or more source NIST publications, and/or CNSSI-4009, and/or supplemental sources where appropriate. A list of the supplemental (non-NIST) sources may be found on pages 221-222. As we are continuously refreshing our publication suite, terms included in the glossary come from our more recent publications. Why buy a book you can download for free? First you gotta find it and make sure it s the latest version, not always easy. Then you gotta print it using a network printer you share with 100 other people - and its outta paper - and the toner is low (take out the toner cartridge, shake it, then put it back). If it s just 10 pages, no problem, but if it s a 250-page book, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. An engineer that s paid \$75 an hour has to do...
