Excerpt from The Money God: Chapters of Heresy and Dissent Concerning Business Methods and Mercenary Ideals in American Life And yet if the man, or the nation, is ever to live cleanly he must be told that sack is the main cause of his uncleanliness. As I conceive the evil of these American days, it lies in our ambition for mere wealth, for objective possessions, for material successes. This has passed of recent years into a greed of gain, and our American virtue of thrift, with which no one could quarrel, has turned into an American vice of avarice. It has made us the wealthiest nation in the world, and we pride ourselves on this success; but I have had the temerity in these pages to suggest that there are other and perhaps nobler successes than the accumulation of wealth, and that a man, or a nation, may be rich and yet signally fail of being a factor in human well being or human progress.
