The University of Chicago Press, United States, 2016. Paperback. Condition: New. Reprint. Language: English . Brand New Book. A wide-ranging meditation on the many means we have employed to cope with the struggles of existence from navigation to farming, meteorology to Google, *The Marvelous Clouds* shows how media lie at the very heart of our interactions with the world around us. Peters's book will not only change how we think about media but provide a new appreciation for the day-to-day foundations of life on earth that we so often take for...
