The Neurotic Constitution Outlines of a Comparative Individualistic Psychology and Psychotherapy (Classic Reprint) (Paperback)

By Dr Alfred Adler

Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Neurotic Constitution Outlines of a Comparative Individualistic Psychology and Psychotherapy After I had made the attempt to investigate in the Studie uber Minderwertigkeit von Organen the structure and tectonic of organs in association with their genetic basis, their functional capability and destiny, I proceeded, supporting myself upon already available data as well as upon my own experience, to apply the same method in the study of psychopathology. In the book before us are embraced the most important results of my comparative, individual-psychologic studies of the neuroses. As was the case in the theory of somatic inferiority, an empiric basis is made use of in comparative individual-psychology for the purpose of establishing a fictive standard of normality in order to enable one to measure and compare with it grades of deviation from it. In both of these scientific endeavors, the comparative method of study reckons with the origin of phenomena, dismisses from consideration the present and seeks to outline from them the future. This method of approach leads us to view the compulsion of evolution and the pathological elaboration...
