ON BEING A SUPERPOWER: AND NOT KNOWING WHAT TO DO ABOUT IT (HARDBACK)**DOWNLOAD**

INGRAM PUBLISHER SERVICES US, United States, 2000. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Deitchman examines these and other scenarios and then pictures how the US would likely respond, based on our society's current moral concerns, political rhetoric, and overall world view. After reviewing the challenges the world will present to us and examining the current state of our nation and its armed forces, Deitchman describes the strategy for preserving US security that appears to be emerging without explicit planning. He shows how trends in the armed forces parallel the trends in society, and how our argumentative political system is affecting our ability to build and use military power to support our strategy....
