

The Farm Cost Situation: March, 1955 (Classic Reprint) (Paperback)

By United States Department of Agriculture

FBC LTD, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Farm Cost Situation: March, 1955 The 1955 acreage allotment for cotton, a big labor-using crop, is about million acres less than the acreage in cultivation last July 1. Much land taken out of cotton will be diverted to crops and uses that take less labor. With average weather, this points to a slackening in labor needs in the cotton-chopping and cotton-picking seasons. Adjustments in acres of crops in other major farming areas will affect total labor requirements very little. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
