Open Court Publishing Co ,U.S., United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. Facebook and Philosophy is an entertaining, multi-faceted exploration of what Facebook means for us and for our relationships. With discussions ranging from the nature of friendship and its relationship to friending, to the (debatable) efficacy of online activism, this book is the most extensive and systematic attempt to understand Facebook yet. And with plenty of new perspectives on Twitter and Web 2.0 along the way, this fun, thought-provoking book is a serious and significant contribution for anyone working with social media, whether in academia, journalism, public relations, activism, or business. Exploring far-reaching questions -- Can our interactions on Facebook help us care about each other more? Does Facebook signal the death of privacy, or (perhaps worse yet) the death of our desire for privacy? -- Facebook and Philosophy is vital reading for anyone involved in social networks today.
