Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which it basically modified me, after the way I believe.

Harbour Publishing. Paperback. Book Condition: new. BRAND NEW, Birds, Metals, Stones & Rain, Russell Thornton, The crows pick at the waste on the asphalt. The men push jingling shopping carts. Or stand and mimic life in a prison yard. The wild white swan is dead. Where I caught trout as a child, no trout swim now. The drives and crescents gouge ravines, make creeks disappear. Where wild baby fish run, they run the gauntlet of penned fish. They are eaten alive.-- from "Nest of the Swan's Bones" Russell Thornton's latest collection of poems, Birds, Metals, Stones and Rain, explores powerful, primary human relationships through images of two worlds: the natural and the urban industrial. Simple grass is the iron of an invisible forging within nature that involves the human creative consciousness. A scavenger alley crow is the universal creative spirit in brutal primordial disguise. A murderously violent father and son are integrated into a single new man who walks "bright as a song in the air". A young daughter flings up her arms to seagulls that "collect up the world, opening it like a door". An infant son fights the "anger in him the death with the heaven in living flailing hands". Intensely personal this book reveals how essential human identity re-initiates human consciousness in a participatory universe.
