Urban Homesteading Scientifically Proven: Become a Self Sustainable Urban Homesteader to Get off the Grid, Grow Food, and Free Yourself About the Book: Urban Homesteading Urban homesteading is a way to step into the past and live a simpler life. Luxuries will be sacrificed, but it s also a way to live a better life from a different time. Recently, it has become a trend in the US, and many find that it is a life that provides a chance to live outside of city constraints. Urban homesteading means that you ll have to learn food preservation methods because not every month will give you re a chance at plentiful crops. Remaining self-sufficient as an urban homesteader isn t easy, but it can be done. As far as planting is concerned, there are various urban gardens that can be used, or a combination can also be used. This book will take you through the pros and cons of using a combination or a single method of gardening, and even though it s truly up to the discretion of the individual, this book can give you a better idea of which urban garden will suit your needs and locations. Urban homesteading is difficult, but the main thing to remember is that you have to be self-sufficient. This book will teach you everything that being self-sufficient truly means, and you ll learn how to run your home and garden. There are many facets of preparing your house for urban homesteading, and that means learning how to use alternative energy sources, alternative water sources, and alternative transportation methods. You ll also have to learn proper waste disposal. Seven Reasons to Buy This...
