This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

Imperia Encanto, the oldest daughter of Prince Charming and Cinderella, cant stop the girls at her exclusive private school from picking on her sister Grace. In her home Kingdom, Princess Imperia merely has to frown and everyone does her bidding. But in Beverly Hills, no one knows shes a princess. No one believes fairy tales are real and Imperias not allowed to tell them. Too young to have magic, unable to charm like her father does, Imperia relies on something strictly Americanher fists. But the punch heard round Los Angeles only makes matters worse. Imperia must make things righteven if she doesnt want to. Standing Up For Grace, the first Imperia Encanto adventure, showcases the difference between our world and the fairy tale world. The adventure stands alone, but fans of Kristine Graysons novel, Wickedly Charming, will note that this story takes place while the divorced Prince Charming falls in loveproving once again that theres a difference between what kids tell their parents and what actually happens. Just like theres a difference between the fairy tale and the story behind it. This item ships from La Vergne, TN. Paperback.
