

## The Woodworker's Studio Handbook: Traditional and Contemporary Techniques for the Home Woodworking Shop (Studio Handbook Series)

Filesize: 6.51 MB

### **Reviews**

*This publication is fantastic. We have read through and i am certain that i will planning to read yet again yet again down the road. You wont feel monotony at at any time of your respective time (that's what catalogs are for concerning when you request me).*

Quarry Books, 2012. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Woodworker and first-time author Whitman shines in this addition to Quarry's studio handbook series. Shop layout, tools, and materials are followed by a dozen projects that illustrate different techniques. The projects are organized well, with tools and materials lists and thumbnail instructional photos. The book's illustrations and design are top-notch and attractive. VERDICT: With its broad range of techniques and projects, this is more appropriate for an intermediate woodworker, as beginners will not have the needed equipment or skills. While more focused books on specific woodworking tools and techniques are available, this is a good overview. Recommended for larger public libraries." - Library Journal.
