

Book Riding. Creative Readings and Writings in Physics and Psychology

By Remus Gogu

Createspace, United States, 2013. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book ***** Print on Demand *****. Book Riding deals with the biggest obstacle to valuable lay contributions in science: the fear that science is a domain belonging solely to experts. While this argument rests on valid premises, Book Riding aims to provide both the engine (method) and the fuel (ideas) needed by amateur science enthusiasts to explore and generate new ideas in the fields of physics and psychology. Promoting an enlightening methodology -critically reading a plethora of books-to generate new ideas, Book Riding primarily applies this method in physics and psychology, exploring subjects ranging from the subconscious mind to parallel universes. Author Remus Gogu deftly explains his reading-as-inquiry method in his own text, encouraging readers to scan randomly for topics that may pique their interest, then develop step-by-step their insights, despite not being experts. Gogu provides a personal example of this method, as he himself, though not an expert, brings pertinent insights in physics and psychology-a position that, he argues, can have unique value. Filled with short physics and psychology essays that you can read on your way to school or work, the...

Reviews

A whole new e book with a brand new standpoint. I have read through and i also am certain that i am going to planning to read again yet again later on. I found out this book from my i and dad advised this pdf to learn.

-- Audrey Lowe I

It is fantastic and great. It is really simplified but unexpected situations from the 50 % in the ebook. I discovered this ebook from my dad and i suggested this book to learn.
