

## Clarity or Death! (Paperback)

Filesize: 7.54 MB

### **Reviews**

*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).*

*(Robyn Nolan)*

Carcenet Press Ltd, United Kingdom, 2008. Paperback. Condition: New. Language: English . Brand New Book. I wish to God that I were more intelligent and everything would finally become clear to me - or else that I didn t live much longer! Clarity or Death! takes its title from this letter of Wittgenstein s. That desire for clarity in our knowledge of the world, the universe and ourselves is the linking preoccupation of Jeffrey Wainwright s collection. Five poems develop the physicist Richard Feynman s proposition that through scientific study we may be able to reduce the number of different things . Others ponder infinity and number. These poems are both playful and intellectually rigorous, exploring not only ideas but the experience of having and articulating them. They play alongside other aspects of personal experience. Central to Wainwright s writing is a fascination with what Wallace Stevens called the uncertain light of single, certain truth , an uncertain light embodied in the sensuousness of language given poetic form.
