Excerpt: . . . supporting the administrative accounting system reached its end of 11 service life on March 31, 2009. As a result, IRS may receive limited or no vendor maintenance support, including security patches, thus increasing the risk that known information security vulnerabilities may be exploited. In addition, IRS used outdated and unsupported software on the five critical servers we reviewed at two centers, exposing the organization to a vulnerability that could allow a malicious user to capture user IDs and passwords by re-directing internal users access requests to other systems without their knowledge. Segregation of duties refers to the policies, procedures, and organizational Incompatible Duties Were Not structures that help ensure that no single individual can independently Always Segregated control all key aspects of a process or computer-related operation and thereby gain unauthorized access to assets or records. Often, organizations achieve segregation of duties by dividing responsibilities among two or more individuals or organizational groups. This diminishes the likelihood that errors and wrongful acts will go undetected, because the activities of one individual...
