

Supernal Adventures: Exploring the New Normal of Multidimensional Living (Paperback)

By Dana Taylor

Supernal Living Publishing, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Has a deceased loved one ever visited you for a final goodbye? Have you heard a message from another realm? Has someone you know been healed of an incurable disease? If so, you may be experiencing part of the new normal of multidimensional living. What used to be the exclusive experience of a few mystics and psychics is becoming more prevalent among normal people. Dana Taylor and her normal friends began calling such experiences Supernal Adventures. After one of them received a miracle healing, they began a mutual exploration of alternative healing, quantum physics, spirituality, and consciousness. Their weekly meditation sessions soon took on a life of their own with mystical happenings. This book weaves their experiences through the subjects that arose Energy Healing, Past Lives, Akashic Records, Pre-Life Planning, Spirit Communication and more. Dana Taylor continues the story that began in the award-winning Ever-Flowing Streams: Christ, Reiki, Reincarnation and Me. Break the barriers of the ordinary and embrace the freedom of extraordinary Supernal Adventures for yourself.

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

This publication is great. It is full of wisdom and knowledge. You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).
