Atlantic Publishing Group Inc., 2009. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: The investment world is full of different methods for understanding how to best grow your rates of return and minimize risk. The Candlestick Charting method, first developed by Japanese rice traders in the middle of the 19th century, has become one of the favorite modern methods of analyzing and understanding the market through careful plotting and analysis of the data provided. This book will guide you through the seemingly complex, but revolutionary, useful method of candlestick charting to gain the highest possible rates of return while ensuring your risks are as minimal as possible. Candlestick charting is a complex language all in itself and for that reason, this book will guide you through the entire process of understanding the language, starting with the very origins of the technique. You will learn how it was developed and why it is still used today, including what changes have been made to the methods by Western investors. You will learn how the candlestick charts are prepared and what the different line constructions signify. Additionally, you will be shown how to read and differentiate between...
