Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from On the State of Lunacy and the Legal Provision for the Insane: With Observations on the Construction and Organization of Asylums The writer of a book is usually expected to show cause for its production, - a custom which, however commendable as a sort of homage to his readers for challenging their attention to his lucubrations, must often put the ingenuity of an author to the test. Indeed the writer of this present treatise would feel some embarrassment in accounting for its production, did he not entertain the conviction that he has, in however imperfect a manner, supplied a work on several important subjects which have never before been so placed before the public, and which, moreover, occupy just now a most prominent position among the topics of the day. In the last Parliament, up to the period of its dissolution, a Special Committee of the House of Commons was engaged in examining into the condition of lunatics and the laws of lunacy; and the present Government has re-appointed the Committee, in order to resume the inquiry preparatory to the introduction of new enactments into the Legislature. The subjects treated of in the following pages relate to the same matters which have engaged the attention of Parliament, and elicited the special inquiry mentioned, viz. the present state of Lunacy and of the legal provision for the Insane with reference to their future wants.
