STARTING A SOCIAL MEDIA AGENCY (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. It has to be one of the most lucrative businesses I have ever owned. It is so much fun operating because of the low overhead costs, profit potential, and the fact you can get other people to do all the work for you, while you sit back and rake in the dough. I have to be honest: I know much less than most people when it comes to social media marketing. I have an MBA in Marketing but I must have been absent the day we studied about social media marketing. I laughed out loud just now. I do know one thing though: I know how to make money owning a highly successful social media agency. I own one such agency and make more money operating it than probably all my other business ventures put together. If I were to start all over today, broke, no money, and eager to get cash rich-I would start a social media agency, hands-down, before starting any other venture. The money is great. The need is there. You can make a lot of money in a relatively short period of time; namely, 1- 3 years. If you follow the advice in this book I think you can make money even faster than a year. I believe that a person getting started with no experience can get set up in ninety days and be profiting shortly thereafter. You have to do it right though. That s what this book is going to give you-the right instructions for getting started. Many people want to sell themselves short. They do freelance work for a pittance of what they can make if they start a full-on digital...
