DOCUMENT IMAGE ANALYSIS

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Computer Analysis of Composite Documents with Non-Uniform Background | The motivation behind most of the applications of off-line text recognition is to convert data from conventional media into electronic media. Such applications include cheques, security documents and form processing. A document analysis system is presented to transfer grey-level composite documents with complex backgrounds, watermarks and poor illumination into electronic format that is suitable for efficient storage, retrieval and interpretation. The preprocessing phase...
