The answer was not long in coming. For Sergeant Ivan Jast and Lieutenant Kayla Marro, the first few months of the Crisis were some of the best. Love always has a way of making the bleakest of days seem happy, but even the euphoria of love cannot hold off the darkness forever. When Eva Katona is sent to destroy a newly formed dimensional portal, events are set into motion that could mean the end of everything. This time it falls on Ivan to prevent catastrophe and save Kayla from a fate worse than death, but in order to do so he must trust a man claiming to be his future self and help kill one of his own - Eva.
