Reviews

It is one of the best books. Better than ever, though I am quite late in starting to read this one. I am delighted to explain how this is the best book I have ever studied in my personal lifestyle and might be the best PDF for ever.

MONOPOLIES AND TRUSTS

University Press of the Pacific. Paperback. Condition: New. 296 pages. Dimensions: 8.0in. x 5.0in. x 0.8in. This book deals with the Social Monopolies: patents, copyrights, etc. ; Special privilege monopolies: those based on public and private favoritism and the Natural Monopolies: those arising from a limited supply of raw material, from properties inherent in the business and those arising from secrecy. Social monopolies are often called artificial monopolies, and in the authors previous works they are so called; but the term social monopolies appears to be a better term than artificial monopolies, because the work artificial carries with it a certain criticism, which anticipates the argument concerning their effects. It is preferable to discuss them hereafter and find out whether they are objectionable or not. The term natural monopolies is a convenient designation, and has become so widely accepted that it could not easily be changed. We may also have mixed monopolies, as where a political unit owns monopolistic property, which is managed by a private person, or where a private person owns monopolistic property, which is managed by a public agency. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
