

Sources of Japanese Tradition: Sources of Japanese Tradition, Abridged 1868 to 2000 Pt. 2 (Paperback)

By -

Columbia University Press, United States, 2006. Paperback. Condition: New. second edition. Language: English . Brand New Book. For almost fifty years, Sources of Japanese Tradition has been the single most valuable collection of English-language readings on Japan. Unrivalled in its wide selection of source materials on history, society, politics, education, philosophy, and religion, the two-volume textbook is a crucial resource for students, scholars, and readers seeking an introduction to Japanese civilization. Originally published in a single hardcover book, Volume 2 is now available as an abridged, two-part paperback. Part 1 covers the Tokugawa period to 1868, including texts that address the spread of neo-Confucianism and Buddhism and the initial encounters of Japan and the West. Part 2 begins with the Meiji period and ends at the new millennium, shedding light on such major movements as the Enlightenment, constitutionalism, nationalism, socialism, and feminism, and the impact of the postwar occupation. Commentary by major scholars and comprehensive bibliographies and indexes are included. Together, these readings map out the development of modern Japanese civilization and illuminate the thought and teachings of its intellectual, political, and religious leaders.

Reviews

This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Natalie Abbott**

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be playful, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.

-- **Rene Olson**
