Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Art of Angling: As Practised in Scotland The very limited number, if not total want, of dissertations upon the subject of Angling in Scotland, and the necessity for having something like an index to our lochs and streams, have induced us to throw together the following chapters. In character and produce, our waters differ very essentially from those of England; we have clear and rapid rivers - torrents black with mosses, or pellucid as diamond - lakes large, and gleaming-tarns deep, still, and terrible, and of these, some are stored with prime, subtle trout, and others are frequented by the active salmon, the monarch of the food.
