One of the ways through which organizations can ensure they remain sustainable is through development of strategies that can give them a competitive advantage over the others. According to Lafley and Martin a strategy 'is an integrated set of choices that uniquely positions the firm in its industry so as to create sustainable advantage and superior value relative to the competition' Steve Madden Ltd is one of the most successful companies operating in the shoe design sector. The choice of the topic was informed by the desire to understand more about the nature of competition in the shoe design industry. It is a unique field that calls for more research to understand the reason behind the success of the company after decades of hard work. The desire to seek the result of their excellent performance is what led to narrowing to the particular topic. Marketing can be used as an important factor to attain such success.
