True Wealth: The Vision and Genius of Innovator James Levoy Sorenson (Paperback)

By Lee Roderick

Probitas Press, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Jim Sorenson was born into poverty to teenage parents. As a small boy in California he shelled walnuts and sold things door-to-door to help put food on his family's table. Hope for a better future was dashed for a time by a teacher who branded him mentally retarded. Yet he died a billionaire, having risen to rare heights as an inventor and entrepreneur. Dyslexia made reading extremely difficult, but also planted the seeds of awesome abilities. He invented many medical instruments that today are standard in hospitals across the world, and pioneered entire industries while launching some 40 companies. Jim was an American original--eccentric and complex, who preached teamwork but was utterly incapable of being anything but the leader; insistent on his rules but indifferent to everyone else's. After co-founding one of the nation's first biotechnology companies, he left and began Sorenson Research. Jim coveted results, not resumes. He hired a machinist and a sewing-machine repairman. Starting almost from scratch, the three invented ingenious medical devices, selling the company fifteen years later for \$100 million. Real estate was the other...

Reviews

Very useful to all of category of people. I actually have read through and that i am sure that i will likely to go through once more again in the foreseeable future. I realized this book from my i and dad advised this publication to find out.

-- Alta Kirlin

This is the very best publication i have got read until now. It is definitely simplified but shocks within the fifty percent of the pdf. You may like how the article writer create this pdf.
